

GSSM Journey September

Presented by
Admission's
Ambassadors

Welcome

From President Flores

"It is my pleasure and privilege to welcome you to the GSSM community, comprised of our residential juniors and seniors and their parents; our Accelerate students and their parents, part of a new and exciting venture for GSSM, now starting on an upward trajectory of growth and further excellence; and not least, the over 1,400 students and teachers we served during the summer through our STEM summer camps all around the state of South Carolina. I hope you enjoy learning more about this unique school on our website and I welcome you to come to Hartsville for a visit."

Role of An Ambassador

As GSSM Student Ambassadors, our primary goal is to provide prospective students, parents, and guests the opportunity to explore GSSM through the eyes of a current student. We also serve to link between prospective students, current students, administration, faculty and staff. By sharing our time and experience with others, we help promote the spirit of GSSM.

"The events are so fun. I was so homesick, but the school had so many opportunities that I didn't even think about it anymore. Though workload picked up faster than I expected, teachers here are supportive and always willing to help. Go Eagles!"

Junior Perspective

Events in the Bird's Nest

Fall sports are off to a great start with early success in Volleyball, Cross Country, Girl's Tennis, Girl's Golf and Swimming—Go Eagles! Since classes have started, students have enjoyed many events including the FWD Dodgeball Tournament, Beach Bash, and Spirit Week.
